English Pronunciation.

When Mrs. Newlywed had completed her marketing in the Ridge avenue market the other day the butter-and-egg man said to her: "But you have forgotten your razor."

"Razor," said Mrs. Newlywed, wondering if the man was trying to make fun of her. "What do you mean?"

"Why, your bread raiser; your yeast cake," was the reply.

Nothing that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.

Only Slight Difference.
The young girl graduate was conversing with a minister who was calling on the family.
"After all, Dr. Crowford," she said, "there's only a difference of a single syllable between salvation and perdition."
"Why, Marion," interrupted her mother, "how can you say that?"
The minister looked at her questioningly.
"It's merely a question of eternal bliss or eternal blisters," she replied, looking past the reverend gentleman.—Pennsylvania Grit.

CAVALIERI.

"I most certainly do not believe in marriage for a grand opera singer," said Lina Cavalieri, the world famous Italian prima donna, who is making a three months' concert tour of America, and who will appear with Lucien Muratore, tenor, of the Paris Opera House, at the Valentine Theater, Tuesday evening, March 27. While Cavalieri was declaiming against marriage it was very evident her thoughts were centered for the moment on her recent matrimonial fiasco with Robert W. Chanler, the millionaire sheriff of Dutchess county, who when he was not making arrests was painting pictures.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The Austrian imperial princesses of a court than which none in Europe is haughtier or more tenacious of its dignities are setting a fine example to American heiresses in turning from their own rank to wed men they can love and trust, exclusive of titles. The Best Bargain You Ever Made

HOW do you measure the value of a bargain? Suppose you bought an engine that did practically all of your hardest work for you, sawing, pumping, grinding, etc., and that saved so much money that it soon paid for itself. Would you call that a good bargain? An IHC engine will do all that, and more. Having paid for itself, it works steadily year after year until, like our Clay County friend who has used an IHC engine for six years, you will say, "My IHC engine is the best bargain I ever made."

IHC Oil and Gas Engines

are thoroughly dependable, and unusually durable. The fine-grained, grey iron cylinders and pistons are worked together to a perfect fit. Ground piston rings insure maximum power from the explosion. The fuel mixer is the most effective known. Bearings are large and carefully fitted. No part is too heavy to be efficient, yet every part is simply strong.

IHC engines are made in all styles—vertical and horizontal; portable and stationary; air and water-cooled; in sizes from 1 to 50-horse power, to operate on gas, gasoline, naphtha, distillate, kerosene or alcohol. Oil tractors, 12 to 60-horse power, for plowing, threshing, etc.; grinding, sawing, pumping and spraying outfits, complete the line.

The IHC local dealer will show you all the good points of the IHC engine. Get catalogue from him, or write
